To Whom It May Concern,

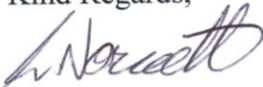

This letter is to confirm that Nutristar Solutions has a GMP agreement and contract in place with ScienTEST Analytical Services to perform stability testing on the following products:

NutriChew
NutriFuel

This agreement has been in place since July 2016 when the first batches of stability were received.

I can confirm the ongoing stability testing is being conducted by ScienTEST Analytical Services as per TGA requirements.

Kind Regards,

Louise Norcott
